

The Leader's Prayer Life

A tool for Spiritual Directors of a board to use to help facilitate a life and culture of prayer for individuals within the organization.

The Leader's Prayer Life

Background

The lame man in Acts 3 was at the temple begging. Peter and John were at the temple to pray. Prayer was the hidden element that gave Peter and John the confidence, discernment, power and faith to help the lame beggar at the temple in Acts 3. A dynamic prayer life will give ministry leaders the edge they need to meet the needs of those they serve.

The 4 'W's'

1. WORSHIP

Before we attempt to bring the world hope and healing in Christ, let Jesus bring us His presence and power.

- Daily worship will bring us back to focusing on what is good and abundant - God Himself.

2. WARFARE

The devil wants to stop the grace of God operating in your life.

- We war against the enemy with God's truth.

3. WISDOM

To know what to do, how to do it, and the timing in which to proceed.

- The wisdom found in prayer keeps our ministries on mission.
- Is there an area where your ministry has strayed from your mission? Are doing more than God is asking you to do?

4. WELL-FEELING

Without focused time in His Presence, our souls will become malnourished. Personal Application

- Is there a place you feel connected to God in such a way that praying is natural and effortless? Put a date on your calendar to visit and enjoy some prayer time on a regular basis.
