

Strategic Priorities

INSTRUCTIONS: In part 1, articulate the 1-3 strategic priorities your organization has in this upcoming year. List out it's connection to the overall vision and any budgetary implications.

In part 2, list out the various invitations you can extend to champions that will not only meet a need for a specific priority, but aim to grow a champion in connection to the cause and closer to Jesus in the process.

In many cases you may have multiple ways someone could get involved in any one of the invitation categories.
